

**A CLIMATE CHANGE CENTRAL WORKSHOP**

**Audit to Action:  
Energy Efficiency for Multi-Unit Residential Buildings**

Presenter: Dave Miller, Electrical Engineer, JEM Energy

This is an in-depth workshop to help you create an energy efficient facility, and earn three (3) credits from RECA. Experienced professionals in the energy efficiency field will present interactive discussions on barriers and drivers to energy efficiency, energy rate structures in today's deregulated industry, leading edge efficiency technology profiles on lighting and boilers, energy measuring methodology, and funding opportunities. Take this opportunity to increase your energy efficiency knowledge and facility to the next level.

**June 2, 2005**

**Blackfoot Inn  
5940 – Blackfoot Trail SE**

**REGISTRATION 8:30 AM to 9:00 AM  
WORKSHOP 9:00 AM to 12:00 PM**

**COST (plus GST) \$75.00**
